

Positioning Rings · for down-thrust clamp

23310.0360

Product Description

After aligning, the clamp positioning ring is fitted on the spindle with the effect, that repeated clamping is always exactly on the same point. The positioning ring is adjustable 360° on the down-thrust clamp. After mounting, the clamping claw can swing 110° to the left or right (only for the swiveling versions).

Material

- Steel, blackened

Assembly

Before mounting the positioning ring, pull-off the clamping claw of down-thrust clamp.
