High Knurled Thumb Screws • DIN 464 24790.0074

Product Description

Knurled screws are one-piece manufactured. Contrary to the Standard Sheet, they are generally manufactured with a thread up to the head and with runout without undercut at the end of the thread. The screws can therefore not be screwed in up to the collar.

• Steel, blackened, quality 5.8

More information

Knurling pitch and knurling depth may differ from DIN.
