

## SIMPLEX soft-face mallets • Rubber composition, with "Stand-Up" / TPE-soft; with cast iron housing and high-quality wooden handle

3012.280

### Product Description

The SIMPLEX series 3012 is available with the popular insert combination of TPE-soft / rubber composition.

The blue TPE-soft insert (series 3201) is the softest insert of the SIMPLEX line and offers strong impact cushioning for work requiring a light touch. Unlike conventional rubber mallets, it does not leave behind any undesired black marring.

Boasting an ingenious shape, the rubber insert with "stand-up" (3202.2) allows the hammer to stand securely on its head and reduces the need to bend over, making it possible to work in a much more ergonomic and back-friendly manner. Ultra low-wear, impact cushioning and odourless, the proven rubber blend offers a much longer service life than a conventional rubber hammer.

Made of cast iron, the housing comes with an integrated handle protection sleeve that provides for a high level of break resistance.

Damping vibrations and shaped ergonomically, the high-quality wooden handle has a double coat of varnish in the grip area and is thus resistant to dirt.

In line with the smart SIMPLEX principle, all components are replaceable and can be retrofitted. This translates to savings in both money and resources.

This version is available in sizes ranging from D60mm to D80mm. The D60mm and D80mm version is also available with an extra short handle (art. no. 3012.262 and 3012.282).

Product features:

- SIMPLEX soft-face mallet with the insert combination of TPE-soft (blue, soft, no marring) / rubber insert with "stand-up" (3202.260) for back-friendly working with less bending over.
- Cast iron housing with integrated handle protection sleeve and excellent break resistance.
- High-quality, vibration-damping, and ergonomically shaped wooden handle; grip area with double coat of varnish (resistant to dirt).
- All parts can be replaced / retrofitted, resulting in great savings in cost and resources.
- Available in size D60mm and D80mm.
- D60mm and D80mm available with an extra short handle (art. no. 3012.262 and 3012.282).

### Application Areas

Gardening and landscaping, paving, floor tiling

This hammer features an special insert with "Stand-Up" that was incorporated into the housing.

### Material

#### Handle

- Wood

#### insert 1

- TPE-soft, blue
- Non-marring
- Soft

#### insert 2

- Rubber composition, black, with "Stand Up"
- Medium hard
- impact cushioning
- Odorless
- Low-wear

#### Housing

- Cast iron
